MURDER AT THE GAMES

Dear Detectives,

Please forgive the intrusion but there has been a murder at the Olympic Village here in Rome and we need your assistance in catching the culprit. We have narrowed it down to 5 suspects and are keen to resolve the incident discreetly.

The victim is...
BRAD MINTON - US coach to the women's sprint team

The suspects are...
USA's leading sprinter, ***WANDA GOLD***
Fellow USA competitor, ***FAYE LEAR***
Russian sprinter, ***ANYA MARX***
Her coach, East-German former shot put champion ***GRETA SCHOTT***
French lifestyle journalist, ***JEAN-ALICE TIQUE***

The crime took place the evening after the women's 100m - we are still awaiting the results of the photo finish as it was a close call between Wanda Gold and Anya Marx.

The facts of the crime so far...
With most of the athletes and coaches attending a fireworks display outside of the city, only these six remained in the Olympic Village. At 10:45, I was out for my nighttime stroll when I heard a terrifying scream coming from the women's spa. I rushed in to find Brad Minton sitting dead in a sauna pod!

In these case files I include some newspaper clippings, photos of the 5 suspects and a map of the spa to help with your investigations. Please come quickly detectives

Yours truly,

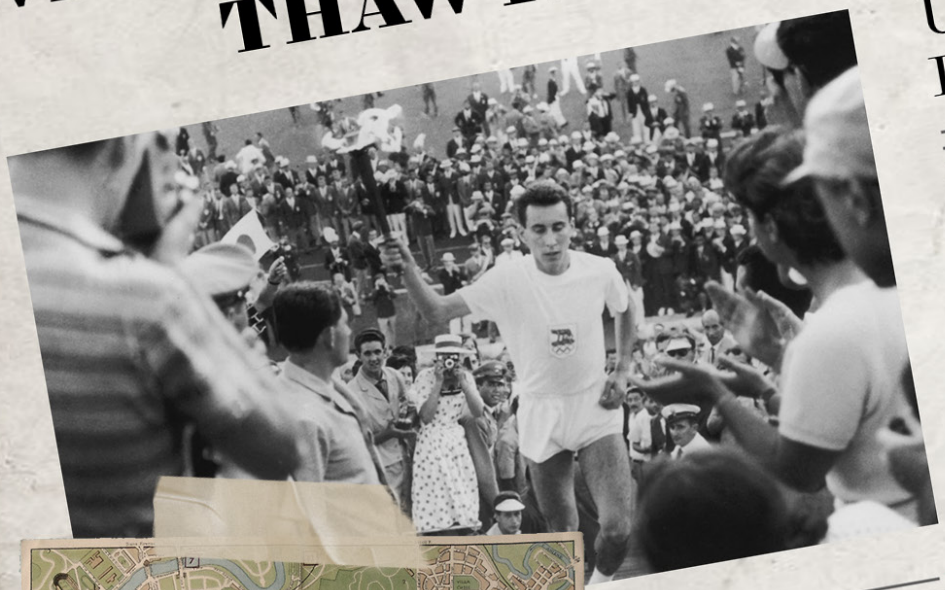

Sir Stanley Shartington OBE
Head of the Olympics Investigations Committee
